My name is Rosa Hill and I reside at 24 CABOT STREET N.B. CT 06053 and
though I currently have insurance AS
I increase in Education and Skill.
I plan to improve my quality of
living yet I am afraid to be off
state insurance. I won't meet the
criteria for insurance. For this reason
I feel this bill should be supported.

The purpose of this letter is to ask if you can help with my efforts in supporting the Raised SB 425 An Act Establishing a basic health program. This bill is a step in the right direction, but we will continue to move our efforts into free healthcare for everyone. This bill will help a certain portion of people who may not have healthcare.

Thank you for your time and considering my request.

Sincerely,

Name: Rosa Hill
